

Nutra-Fix recommends...

FOR CALVES CHALLENGED WITH DISENTARY, SCOURING, AND/OR DIARRHEA:

Ingredients:

- Nutra-Fix Pro-Blend Capsules
- Slippery Elm
- Lactobacillus Acidophilus Fermentation (Liquid)

Directions for use:

- Using your hands, form a "ping-pong" size ball of slippery elm (approx. 14 grams).
- Open 4 capsules of Nutra-Fix Pro-Blend Capsules and insert powder to the center portion of the ball.
- Squirt the L. Acidophilus Fermentation Liquid liberally to the outside of the ball until the entire ball forms pasty consistency.
- Insert ball into calf's mouth, forcing a swallow. A balling gun may be preferred.
- Repeat 3 times per day for 2 to 3 days as needed.
